SEEKS DIVOR... BRIDE OF BU... N MONTHS

Plaintiff Alleges That Defendant Refuses to Make Her Home Where He Lives and Travels Too Much

Ralph Mountford filed suit for divorce against Leone Mountford with the circuit clerk today. The plaintiff alleges that he was married to the defendant in Buchanan County December 19, 1918, and live with her until some time in January, 1919. He further alleges that the defendant has refused to make her home with him in Conception Junction where he is employed as a railroad man, and repeatedly asks him to quit his position threre and seek employment elsewhere. It is also charged that the defendant travels here and there at great expense to plaintiff.

W. G. Sawyers is attorney for the plaintiff.

RECEIVE DETAILS OF MRS. STRAWBRIDGE DEATH

Automobile Overturned, Pinning Dead Woman and Two Children Beneath

The particulars of the accident which killed Mrs. Ross K. Strawbridge at Stanton, N. D., is taken from the Hazen Star of Hazen, N. D., Mrs. Strawbridge, being the wife of Ross Strawbridge, son of Mr. and Mrs. R. A. Strawbridge of Maryville:

A deep gloom was cast over this community Wednesday when word was received here that Mrs. R. K. Strawbridge had been instantly killed in an automobile accident that forenoon at Stanton.

Mrs. Strawbridge, with her two small children, had been to Stanton and had just left for home when the accident occurred. They were yet within the village just west of the depot, when the car suddenly turned over, pinning her beneath. Those seeingth upset, immediately rushed to her assistance, but life was extinct. Those seeing the accident claim she was driving rather fast and noticing the car leaving the slight grade, turned the car sharply, causing the overturning of the car. The two children were thrown from the car, the boy bruised a little, but the little girl uninjured.

Mr. and Mrs. Strawbridge, until about a year ago lived north of Krem, but from there moved to the J. A. Harris farm east of Hazen, which he had leased and contemplated buying. Hazen has been their trading point since coming to this community from Maryville, Mo., some years ago, and she numbered her friends and acquaintances by the hundreds. She was both very popular and highly esteemed by our citizens and her untimely death below middle age comes as a great shock to the whole community. Seldom has it been our duty to record so sudden a death. A dark gloom has spread over the entire community in its wake. She was of affectionate disposition, bright and winning in her ways, so that friendship's circle to her was a large one.

A great sympathy goes out to the grief-stricken husband and little children, who sit in sorrow over the sudden shocking blow to their happy home.

Funeral services were held early Thursday morning at Stanton and the remains shipped that day to her parental home at Sheridan, Mo., for interment.

CHRISTIAN CHURCH WAS HOST SUNDAY

TO EIGHTY MEMBRS OF FIRST CHRISTIAN CHURCH, SAVANNAH

BASKET DINNER AT NOON

Pastor is Surprised by His Old Congregation—They Hold a "Family Reunion" at College Park

Eighty members of the First Christian church of Savannah joined with the members of the congregation of the First Christian church here in the services of yesterday. After the morning service was concluded the visitors and Rev. R. E. Snodgrass and family went to the College park for a basket dinner and an afternoon together.

Yesterday's visit was to have been an occasion of surprise for Rev. Snodgrass, a surprise party arranged by his old Savannah congregation and the local congregation. Rev. Snodgrass "got wind" of it, somehow, several days ago. However, he announced from the pulpit that, after consulting the lawyers in the congregation, he had been advised to tell his old congregation that he was greatly surprised.

The special morning sermon was "The Place of Prayer in the Issues of the Day." In this sermon Rev. Snodgrass discussed the various objections that had been offered to prayer. Then he took the stand that, if prayer was anything at all it was everything and cited illustrations to show that worthy prayers were answered. The sermon was concluded with a plea that prayers play a greater part in the life of Christian people and in the life of the men who handle the great affairs of the world. Preceding the morning sermon Mrs. F. P. Robinson rendered a solo, "Arise, Shine, Thy Light Is Come."

The Savannah delegation in attendance at the Sunday service were:

Mr. and Mrs. H. L. Cobb and family, Mr. and Mrs. E. F. Harrington and family, Mr. and Mrs. T. L. Harrington and family, Mr. and Mrs. Lant Hall and baby, Mr. and Mrs. C. A. Hartley and family, Mr. and Mrs. Henry Barr and family, Mrs. George Barr, Mr. and Mrs. William Duncan, Miss Emma Duncan, Albert Smith, Mr. and Mrs. Marvin Merritt and family, Miss Katherine Huffaker, Miss Carrie Huffaker, Glen Huffaker, Beulah Huffaker, Nellie Huffaker, Orpha Stewart, Mr. and Mrs. F. M. Kelly and family, Burdine Murphy, Mr. and Mrs. Sam Sears and family, Harold Sears, Miss Grace Sears, Miss Ellen Sears, Mrs. Morford, E. T. Black, Miss Crystal Bowlin, Mrs. J. C. Latham, Mrs. Eva Clevenger, Mr. and Mrs. H. L. Imms and baby, Mr. and Mrs. I. F. Hastings, Mrs. McKinney, Mrs. Roberts, Mr. and Mrs. Fred Fritchman and baby, Chas. CHRISTIAN CHURCH TEAM TO PLAY ST. PATS TONIGHT

Contest to Start at 7 O'Clock at Fair Grounds — Christians in Return Game With Presbyterians Tomorrow

The baseball team of the Men's Bible Class of the Christian Sunday School have accepted a challenge of the St. Patrick's nine and arrangements have been made to stage the game at 7 o'clock this evening at the Fair grounds.

Base ball is coming to be a popular pasttime in the churches of the city, and considerable interest is being shown in the sport. Preliminary plans are under way for the formation of a "twilight" league.

In the game this evening, Fred Newlon and Homer Black will form the battery for the Christians, while Brennen and Tobin will be the heavy work for St. Patrick's.

The Christian church will play a return engagement with the Presbyterian team at the Fair grounds tomorrow evening. The contest last Friday evening proved to be a fast, snappy affair, and ball fans are looking toward the coming clash.

JIM VERT TELLS OF HOG PRICES TWENTY YEARS AGO

Sold Carload of Porkers in Chicago at $3.75 in 1896—Shelled Corn Brought 13 Cents

The "trend of the times" and the sky rocket ascent of prices during the past few years is better brought out when a comparison is made with the prices of twenty years ago.

Jim Vert of Wilcox told this morning of the "good old days." "On April 20, 1896," said Mr. Vert, "I sold a car of Shorthorn cattle averaging 1370 pounds on the Chicago market at $3.95. I bought them in August, 1895, and paid $3.75."

He also stated that in the fall of 1896 he bought a load of 250 pound hogs at $3.55 a hundredweight. Shelled corn sold at 13 cents a bushel.

Mr. Vert said that at the time he sold his hogs for $3.95, W. B. Scott and George Garrett, former residents of this city, shipped their porkers two days later and the market was down to $3.70.

COMETS DROP FAST GAME TO ST. JOE CHASES 6:0

First and Ninth Frames Prove Waterloo for Local Boys—Black Holds Candymakers to Six Scattered Hits

In one of the fastest and best played games on the local lot this season, the St. Joe Chases defeated the Comets yesterday afternoon at the Fair grounds park by a score of 6 to 0.

Homer Black, the Comets' ace, let the CandyMakers down with six hits.

The Chases started off by crossing the plate four times in the first inning. After the first inning, Black settled down and pitched air tight ball, allowing but three scratch hits after the first frame.

Wakeman, recently of the State Teacher's College here, was on the mound for the Chases. He was a bit wild but the stellar fielding of his team mates held him up.

Errors and three passed balls by the Comet catcher cost Maryville the game.

In the first inning St. Joe started things off with a rush. Mayer, the first man up, fanned. Dorst took first on a passed ball and Zackert doubled to left field. Watson doubled to center, scoring Zackert and Dorst. Barman was scored. Murphy doubled, scoring Slater. Scott fanned, ending the slugfest.

With the score standing 4 to 0 against them the Comets took a brace and with an exhibition of high class baseball held the foe without another run until the ninth round. With their last chance to break into the scoring, Wakeman took first on Tobin's third passed ball. Dodge ran for Wakeman. Mayers fanned and Dorst forced Dodge at second, the latter beating the throw. Zackert took first on Conley's error. Barman doubled, scoring Dorst and Zackert.

Owing to the fair next week, the Comets will not be in action on the home grounds. For the following Sunday, however, Black has made preliminary arrangements for a game with Shenandoah, Ia., here.

SUES THUMMELL AGAIN

Another Hedge Case Against Parnell Farmer for Failure to Observe the Hedge Law

Prosecuting Attorney Charles McCaffrey on behalf of Nodaway county filed a suit today against A. A. Thummell of Parnell on a charge of failure to cut his hedge fence. The penalty is a fine of from $50 to $500. Mr. McCaffrey filed a similar suit against Mr. Thummell a few weeks ago, but this was on account of his failure to observe the new hedge law during 1918, and the one filed today is for the year 1919.

CAPPER HAS PLAN TO REDUCE H. C. L.

BILL BY KANSAS SENATOR PROPOSES TO TAX EXCESS PROFITS

WHEAT PRICE DOWN FIRST

Government to Pay $2.26 Guarantee Under Scheme But Market Grain at $1.50 a Bushel—Take Drastic Action

Washington, Aug. 4.—A bill designed to check the operations of profiteering by assessing profits on the food commoidties is under consideration by Senator Capper of Kansas, as the first step in reducing the high cost of living, he announced today.

"If we can work out such a bill and make operations entirely fair, it appears to me to hold out the greatest possibilities of reducing the cost of living" said the Kansas senator. "We have the matter under consideration and may be able to draft such a bill which will touch a vital spot."

Washington, Aug. 4.—Action of the most drastic character is to be taken by the government within the next forty-eight hours to hit the high cost of living.

The subcommittee of the committee of eight high government officials named by President Wilson to formulate a program to reduce sharply the cost of living has decided unanimously to recommend three steps of a radical nature. They will be presented to President Wilson for approval Tuesday.

This subcommittee, composed of W. B. Colver, chairman of the Federal Trade Commission; Walter D. Hines, director general of railroads, and R. C. Leffingwell, assistant secretary of the Treasury, has agreed upon this tentative program.

1. For the government to buy the wheat crop at the guaranteed price of $2.26 a bushel, and immediately place it back on the market at $1.50 a bushel, the government to make up the entailed loss of many millions.

2. For summary action through the Department of Justice under the so-called Lever Act, the act creating the food and fuel administrations. This law gives the government sweeping powers and has some sections not even used during the war, which it is now proposed to bring into play as a means immediately at hand to get a strangle hold on all profiteers, speculators and hoarders.

3. For all departments of the government to disgorge immediately and throw onto the open market everything it has in the way of supplies. This would include not alone everything in the way of foodstuffs, but clothes, blankets, shoes and all sorts or goods of this rescription, and might even include some fuel.

The officials framing the campaign against the high cost of living refer to the proposal to put wheat on the market at $1.50 per bushel as the "billion-dollar smash." While the taxpayers of the country will have to make up the loss to the government, the government officials are supremely confident that the collateral effect of handling the wheat situation as above indicated will be tremendous in its beneficial results.

It is pointed out that bread and allied products form the great competitive basis for all food necessities. Accordingly, there is a unanimity of opinion that the reduction in the price of wheat immeditely will result in a sharp decline in the prices of all food products, aside from special commodities that might be classed as luxuries.

REPORT FIUME PROBLEM AMICABLY SETTLED TODAY

Paris Neswpaper Says Titoni Will Work Out Details With Lloyd-George—Follow Wilson's Plan

Paris, Aug. 4.—After many months discussion, an amicable settlement of the Fiume problem has been found, the Petit Journal states. Foreign minister Titoni has agreed to a compromise and will go to London to work out the details with Lloyd George.

Fiume has been claimed by both Italy and Jugo-Slavia to be subject to a special statute, appeasing desires of Italian residents, but the Jugo Slavs will be allowed to use the port as a sea window. The settlement is said to have been worked out along Presiednt Wilson's proposals.

TROOPS GO INTO AGTION IN CHICAGO RIOT DISTRICT

After Conference Packers Decide No More Negroes Be Allowed to Resume Work at Stockyards Until Quiet Is Restored

Chicago, Aug. 4.—Troops patrolling the riot district, which has been comparatively quiet since Friday, were thrown into sudden action early today to thwart a reported attempt of between five and six hundred whites to burn the negro belt.

Troopus were dispatched to head off the rioters after fifteen reports had been received by Colonel Joseph Wilson, commanding the secon dregiment. Arriving at the spot where the mob was reported to have been gathered, the troops found no mob but remained on guard and established a patrol of the district. The packers after a consultation with the authorities decided that no more negroes shall be allowed to resume work at the stockyards until the danger of further rioting is passed.

SOLDIERS RESTORE ORDER IN BRITISH GENERAL STRIKE

Troops and Police Charge Mobs of Rioters—Street Car Employes Join in General Walkout

Liverpool, Aug. 4.—Following a night of rioting in a general strike, soldiers armed with fixed bayonets and policemen restorted order today. Time and again the troops and police charged the mobs of rioters and looters before they were dispersed. There was an extention of the walkout when the street car employees struck today to enforce their demands for back pay. The situation is serious and martial law exists in the business districts.

Carter Body Expected Tonight.

HINES CALLS MEETING OF BIG FOUR BROTHERHOODS

700 OUT IN KANSAS CITY

Union Officials Declare Strike Spreading—Local Wabash Office Affected — Burlington Continues Freight Traffic

Washington, Aug. 4.—The big four brotherhoods were called into conference today by Director General Hines in an attempt to clarify the whole situation growing out of the demands of the men for higher wages and the evident unwillingness to wait for the creation of a commission to pass upon the wage question. Railway clerks, freight handlers and express station employes are planning similar action to that taken by the shopmen, it was stated today by J. J. Forest, president of the Railway and Steamship Clerks, Freight Handlers and Express Stations Employes.

Kansas City, Aug. 4.—Seven hundred Union Pacific shopmen struck this morning.

Kansas City, Aug. 4.—The present strike of shopmen throughout the United States is unauthorized. The men have been ordered back to work pending the outcome of the general strike vote, Frank Paquin, acting president of the Brotherhood of Railway Carmen, announced today.

Chicago, Aug. 4.—Union officials declared today that the strike of railroad shopmen which began Friday is spreading throughout the United States. The leaders assert one hundred and fifty thousand men now are on strike. Regional officials of the railroad administration admit frankly the situation is serious and a depreciation of the service certain within the next few days unless the men return to work.

The freight service on the Wabash railroad has been discontinued on account of the strike of shopmen at Moberly, Stanberry and Council Bluffs and no freights were run Sunday or today. The Wabash authorities expect the strike to be settled within the next few days.

E. L. Ferritor, Wabash agent, was instructed not to accept any stock or perishable shipments.

Freight service is bad on the Burlington today and W. E. Goforth, Burlington agent, expects no discontinuance of this service on that road.

Henrietta Allen left Saturday night for Beardstown, Ill., where she will spend August with her grandparents, Mr. and Mrs. T. B. Knopp. Enroute to Beardstown she spent Sunday in St. Louis with an uncle.

"Jazz 'em Up"

Sorry, but you guessed wrong. You thought someone was announcing a dance for some occasion, but such is not the case. Far from it. This is something absolutely new and novel. It's like that remedy for the feet, "Tiz." It makes your feet glad. It is exotic, it is intoxicating.

Who is it? Where? What is it? His name is Bob and his complexion is of a shady hue. He spends most of his time around a barber shop. And what? This particular youth has all the "jazz kings" and "jazz hounds" outclassed without an effort. Why? Because they have to have musical instruments to jazz with, while he disdains the use of such. All he wants is a piece of cloth about eighteen inches long and five inches wide and a pair of sorry looking shoes. That's his inspiration. He puts a little polish on the toes and then strains of the sweetest and most irresistible jazz you ever heard burst forth. There is no cessation until the selection is finished and you pay the usual price for a prosaic shine and jazz out the door whistling the new air and feeling like it's a good old world after all.

DOG SAVES THREE BOYS, THEN LOSES OWN LIFE.

Elkhart, Ind, Aug. 4.—After awakening three small boys and escorting them from a burning stable, a pet shepherd dog, apparently confused by the smoke, dashed back into the stable to make sure all his charges were safe. He perished in the flames. The boys, Frank, Andrew and Nicholis Bargo, sons of Andrew Bargo, Sr., had gone to the barn to sleep because of the heat in their room.

L. E. EDWARDS, LINEMAN, MET WITH ACCIDENT THIS MORNING

Was Driving Along Road Looking Up at Wires When His Car Ran Oven an Embankment and Turned Over

L. E. Edwards, lineman for the Farmers' Telephone Union, came very near to suffering a fatal injury this morning. He was driving out along the road running west from Lovers' Lane and looking up at the wires to see whether any of them were broken or crossed. While driving very slowly along in this manner he ran into a rut in the road which turned the wheels of the car to one side and caused it to run over an embankment. The car was turned over and Edwards was thrown out. Luckily he did not fall under the car and with the exception of a few severe bruises and a sprained wrist is none the worse for the accident.

GEORGE CROWSON HOME.

Sergeant Geogre Crowson, son of Dr. and Mrs. E. L. Crowson of Picering, arrived home last Saturday, after having been discharged from military service. Mr. Crowson is well known in Maryville, having served as city editor of the Tribune for two or three years.

Crowson enlisted in the Medical Corps in St. Joseph last July while he was connected with the St. Joseph News-Press. He served with Uncle Sam in France nearly a year.

Miss Zelma Dale, a student at the State Teachers College for the summer term, left this morning for her home in Ridgeway.

A $141.58 DEFICITE IN COLORED CELEBRATION

Affair Costs Maryville Colored People $603.58, While Collections Total But $454—To Give Supper

The colored people went in the hole $141.58 on their celebration held in Maryville last Friday according to a report made today by Prof. Ernest O. Boone. Collections amounted to $454. Burt M. Rowley, cashier of the Real Estate Bank at the request of Mr. Boone, have checked up the list of paid subscriptions to the celebration and found the same to $454. The sum of $8 was realized from stand rights.

To make up part of the deficit, the colored people will have a chicken supper in the Cox building on the North side of the square Thursday evening at $1 per plate.

The expenses of the celebration were $603.58, and the following is how the money was expended:

MISSOURI CATTLE ON FEED SHOW DROP OVER LAST YEAR

Permanent Personal Service Headquarters Planned for Important Cities

Jefferson City, Mo., Aug. 4. — In a statement just issued, Secretary Jewell Mayes of the state board of agriculture, and S. A. Logan of the United States bureau of crop estimates, say that in July there were but little more than half the number of cattle on feed in Missouri than there were in July, 1918.

Hogs on feed were seven per cent more, however, than in July of last year.

The tendency in mid-summer this year, the statement adds, is for farmers to run their cattle on pasture and in only a few counties are they being placed on feed. Feeders say they are waiting for market conditions to clear up and the outcome of the corn crop.

CHICAGO SEEKS TO DISPOSE OF ITS NEGRO POPULATION

Asks Acting Governor Crossley Number That Could Be Accomodated in This State

Jefferson City, Mo., Aug. 4.—That Chicago is seeking desposition of some of its negro population is indicated in an inquiry received here by Acting Governor Wallace Crossley from a Chicago newspaper as to how many negroes could be accommodated in this state in the event of an exodus of that race from Chicago.

Crossley's wire in reply was that Missouri desired no more negro population.

The acting governor stated the fact that several thousand negroes had been cared for by the city of St. Louis after the race riots in East St. Louis several years ago.

Whatever plans may be made in Chicago to assist in locating some of its negro population elsewhere, the city will receive no encouragement in the idea that Missouri is desirous of assisting in caring for such a movement.

The dominant thought in the reply of Acting Governor Crossley is that Missouri has now all the negroes she cares to have within her borders.

Following is the reply in full wired by the acting governor to the inquiry of the Chicago Herald-Examiner as to how many Chicago negroes Missouri could care for if they left that city:

"We congratulate the negroes on their desire to get back where they belong and regret that your great city with its wonderful opportunities and boasted recognition of many creeds and colors has not been able to protect the black race.

"Missouri has already absorbed several thousand Illinois negroes as the result of a former race riot in East St. Louis, and with our own industrial and political problems to solve we are not able at this time to provide a refuge or asylum or employment for Chicago's oppressed negroes."

He Lives on $5 a Week.

New York.—For thirteen years William Pester lived alone in the desert country of the West. Then he came to New York to show people how to live on five dollars a week.

Pester attracts attention in his wanderings over the city. He hasn't cut his hair for thirteen years.

"Why should I?" he asks. "God gave me this hair, and I know that if I do not mar the image some great reward will come to me.

"Marriage is bondage. When a man marries he cannot think clearly. I have no creed; I belong to no church; I simply do good to others."

Pester subsisted for the thirteen years of his exile on rough bread which he made himself and upon fruit. That was his only diet. Others can live on five dollars a week by the same method, he asserts.

TERRIFYING DISCOMFORTS FROM SKIN DISEASES

Itching and Burning Eruptions Torture Victims.

If your skin seems ablaze with the fiery, burning and itching of Eczema, real and lasting relief can only come from treatment that goes below the surface — that reaches down to the very source of the trouble. Skin-diseases come from a disordered condition of the blood, and search far and near, you cannot find a blood remedy that approaches S. S. S. for real efficiency. S. S. S. has been on the market for fifty years, during which time it has been giving uniform satisfaction for all disorders for which it is recommended. If you want prompt relief, you can rely upon S. S. S. For expert advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. 44, Atlanta, Ga.

MOOL GIRL TELLS OTHERS

How They Can Find Relief From Periodic Sufferings.

Nashua, N. H.—"I am nineteen years old and every month for two years I had such pains that I would often faint and have to leave school. I had such pain I did not know what to do with myself and tried so many remedies that were of no use. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and decided to try it, and that is how I found relief from pain and feel so much better than I use to. When I hear of any girl suffering as I did I tell them how Lydia E. Pinkham's Vegetable Compound helped me."—DELINA MARTIN, 29 Bowers St., Nashua, N. H.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, therefore is a perfectly safe remedy to give your daughter, who suffers from such painful periods as did Miss Martin.

The reason so many girls write Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice, is because from their 40 years experience they have a store of knowledge which is invariably helpful.

SEES BIG CHANGE IN HIS SOLDIER SON

Prominent Police Official Says Improvement Is Due to Tanlac.

Nearly everybody in Kansas City either knows or has heard of Captain J. J. Ennis, who lives at 532 Jackson avenue, Kansas City, Missouri. Captain Ennis has been a member of the Kansas City Police force for thirty years and is not only of the oldest in point of service, but one of the most popular officers in the department.

In a recent statement regarding the benefits his son, Wilfred, has derived from the use of Tanlac, Captain Ennis said:

"The change I have seen take place in my son's health during the past few weeks certainly speaks well for Tanlac. Wilfred served with Company A 12th Engineers in France for nearly two years and on returning was suffering from rheumatism and stomach trouble and was in a very badly run down condition. He tells me he had been suffering from aching joints in his shoulders, arms and legs for almost a year. He had no appetite and his stomach was so weak and upset that he could not retain much of anything he would eat. He complains of headaches most of the time, often had dizzy spells and was so weak he could just barely drag around.

"I had been reading so many statements from Kansas City people about Tanlac that I decided there must be something to it, and after inquiring about it of some parties, whom I have known for years, at the drug store, I bought a bottle for Wilfred. Well, he had not finished the first bottle until his appetite was better and the pains in his knees and shoulders were not so bad. He has taken three bottles up to this time and can eat and digest anything he wants. He was very nervous and restless before taking Tanlac and could not sleep much, but now he sleeps eight to nine hours every night. He now has a good position as yard clerk for the Kansas City Terminal Railway and is able to walk around and do his work with ease, as the rheumatic pains have left him entirely. He has recommended Tanlac to several of his friends who have used it with fine results. I consider Tanlac the best medicine out for such troubles and I will gladly verify this statement for any one who may call to see me or write me."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, and in Hopkins by Hopkins Drug Co."

REVENUE COLLECTION DISTRICTS REARRANGED.

Permanent Personal Service Headquarters Planned for Important Cities.

Washington, D. C.—Plans for the rearrangement of the sixty-four internal revenue collection districts have been announced by Commissioner Daniel C. Roper which will give to each state, with the exception of Nevada, a separate collection district. The plans also provide for the establishment of a permanent personal service headquarters in every important city in the country.

An executive order signed by the president abolishes ten collection districts and consolidates them with ten others. It also creates ten new districts in states which do not now have separate collection districts. The order is effective August 1.

The purpose of the change is to serve the taxpayers more efficiently by opening division and sub-division headquarters at important centers and to use the collectors' offices as clearing houses and accounting centers for the bureau at Washington. The plan does not carry with it the appointment of a large number of new employes but provides for the more effective utilization of the present field force and will make for higher efficiency.

"The new plan," said Commissioner Roper, "when in full operation, contemplates that the people of every community where the number of federal taxpayers requires it, shall be assured that within easy reach is a branch revenue office, open at all times, where the taxpayer can go for blanks, advice and expert assistance in making his tax return and paying his taxes, thus saving him worries and penalites and relieving the service of the present overwhelming congestion in the central colection office."

THEY CAME, THEY SAW— POLICE COURT, THEY WENT

A party of about fifteen gypsies invaded Maryville this morning seeking prey. They, also, departed this morning rather disheartened, being a sadder and wiser group and, incidently, one man in Maryville is a sadder and wiser man.

This individual referred to above is a prominent citizen of Maryville but this morning he met one who "put one over on him." It happened thus—W. W. Jones was sitting complacently in a chair at Crows Studio, contemplating the peace and quietude and musing upon the innocence which is proverbial among the people of Maryville. A gypsy entered and sought of him to permit her to tell his fortune and he, being in a kindly mood, consented. In the process of telling the fortune the copperskined girl asked that she be permitted to "bless some of his money." He produced three five dollar bills and two ones. After she had muttered some magic word over the money, holding it under the victim's chin, and departed Jones bethought himself to see how his "blesst money" looked after the magic touch. For some reason or other in the "blessing" a five dollar bill had been "spirited" away.

The authorities were informed of the incident and Policeman Claude Stults arrested the leader of the party. In Judge Johnson's court the gypsy leader was charged with soliciting for fortune telling and taking money for such services. The judge said $10 and costs which amounted to $19.80.

When the Farmer Has to Plow

THERE comes a time on every farm when work must be done at once if it is to be done at all. It may be plowing, cultivating, harvesting, or housing of the crops. When conditions are right the work must be started and pushed with all possible speed if the farm is to pay a maximum return that season.

Under such conditions the man on the job has no time to go to town, even to get necessary supplies, and no one on the place can be spared for that purpose.

Some times it is necessary to send in for food, seed, or machinery, but for his requirements of petroleum products, the farmer knows that he will be supplied by the dark, green tank wagon of the Standard Oil Company (Indiana) which calls at his home as regularly, though not as often, as does the man who brings his mail.

He has learned that he can depend upon this delivery service, and that the Standard Oil man will deliver his kerosene, gasoline and lubricating oil not only to his door, but, if needs be, to the tractor in the field—*there are 150,000 tractors in the Middle West.*

This is the reason for the harmonious, close, friendly relations which always has existed between the Standard Oil Company (Indiana) and the farmers of the Middle West. Also this is another reason why the Standard Oil Company (Indiana) takes pride in its position as a public servant, doing an exacting job as well as it knows how, to the distinct advantage of the man who raises the crops, and the millions who eat them.

SEEKS DIVOR[illegible] BRIDE OF BU[illegible]N MONTHS

Plaintiff Alleges That Defendant Refuses to Make Her Home Where He Lives and Travels Too Much

Ralph Mountford filed suit for divorce against Leone Mountford with the circuit clerk today. The plaintiff alleges that he was married to the defendant in Buchanan County December 19, 1918, and live with her until some time in January, 1919. He further alleges that the defendant has refused to make her home with him in Conception Junction where he is employed as a railroad man, and repeatedly asks him to quit his position threre and seek employment elsewhere. It is also charged that the defendant travels here and there at great expense to plaintiff.

W. G. Sawyers is attorney for the plaintiff.

RECEIVE DETAILS OF MRS. STRAWBRIDGE DEATH

Automobile Overturned, Pinning Dead Woman and Two Children Beneath

The particulars of the accident which killed Mrs. Ross K. Strawbridge at Stanton, N. D., is taken from the Hazen Star of Hazen, N. D., Mrs. Strawbridge, being the wife of Ross Strawbridge, son of Mr. and Mrs. R. A. Strawbridge of Maryville:

A deep gloom was cast over this community Wednesday when word was received here that Mrs. R. K. Strawbridge had been instantly killed in an automobile accident that forenoon at Stanton.

Mrs. Strawbridge, with her two small children, had been to Stanton and had just left for home when the accident occurred. They were yet within the village just west of the depot, when the car suddenly turned over, pinning her beneath. Those seeingth upset, immediately rushed to her assistance, but life was extinct. Those seeing the accident claim she was driving rather fast and noticing the car leaving the slight grade, turned the car sharply, causing the overturning of the car. The two children were thrown from the car, the boy bruised a little, but the little girl uninjured.

Mr. and Mrs. Strawbridge, until about a year ago lived north of Krem, but from there moved to the J. A. Harris farm east of Hazen, which he had leased and contemplated buying. Hazen has been their trading point since coming to this community from Maryville, Mo., some years ago, and she numbered her friends and acquaintances by the hundreds. She was both very popular and highly esteemed by our citizens and her untimely death below middle age comes as a great shock to the whole community. Seldom has it been our duty to record so sudden a death. A dark gloom has spread over the entire community in its wake. She was of affectionate disposition, bright and winning in her ways, so that friendship's circle to her was a large one.

A great sympathy goes out to the grief-stricken husband and little children, who sit in sorrow over the sudden shocking blow to their happy home.

Funeral services were held early Thursday morning at Stanton and the remains shipped that day to her parental home at Sheridan, Mo., for interment.

CHRISTIAN CHURCH WAS HOST SUNDAY

TO EIGHTY MEMBRS OF FIRST CHRISTIAN CHURCH, SAVANNAH

BASKET DINNER AT NOON

Pastor is Surprised by His Old Congregation—They Hold a "Family Reunion" at College Park

Eighty members of the First Christian church of Savannah joined with the members of the congregation of the First Christian church here in the services of yesterday. After the morning service was concluded the visitors and Rev. R. E. Snodgrass and family went to the College park for a basket dinner and an afternoon together.

Yesterday's visit was to have been an occasion of surprise for Rev. Snodgrass, a surprise party arranged by his old Savannah congregation and the local congregation. Rev. Snodgrass "got wind" of it, somehow, several days ago. However, he announced from the pulpit that, after consulting the lawyers in the congregation, he had been advised to tell his old congregation that he was greatly surprised.

The special morning sermon was "The Place of Prayer in the Issues of the Day." In this sermon Rev. Snodgrass discussed the various objections that had been offered to prayer. Then he took the stand that, if prayer was anything at all it was everything and cited illustrations to show that worthy prayers were answered. The sermon was concluded with a plea that prayers play a greater part in the life of Christian people and in the life of the men who handle the great affairs of the world. Preceding the morning sermon Mrs. F. P. Robinson rendered a solo, "Arise, Shine, Thy Light Is Come."

The Savannah delegation in attendance at the Sunday service were:

Mr. and Mrs. H. L. Cobb and family, Mr. and Mrs. E. F. Harrington and family, Mr. and Mrs. T. L. Harrington and family, Mr. and Mrs. Lant Hall and baby, Mr. and Mrs. C. A. Hartley and family, Mr. and Mrs. Henry Barr and family, Mrs. George Barr, Mr. and Mrs. William Duncan, Miss Emma Duncan, Albert Smith, Mr. and Mrs. Marvin Merritt and family, Miss Katherine Huffaker, Miss Carrie Huffaker, Glen Huffaker, Beulah Huffaker, Nellie Huffaker, Orpha Stewart, Mr. and Mrs. F. CHRISTIAN CHURCH TEAM TO PLAY ST. PATS TONIGHT

Contest to Start at 7 O'Clock at Fair Grounds — Christians in Return Game With Presbyterians Tomorrow

The baseball team of the Men's Bible Class of the Christian Sunday School have accepted a challenge of the St. Patrick's nine and arrangements have been made to stage the game at 7 o'clock this evening at the Fair grounds.

Base ball is coming to be a popular pasttime in the churches of the city, and considerable interest is being shown in the sport. Preliminary plans are under way for the formation of a "twilight" league.

In the game this evening, Fred Newlon and Homer Black will form the battery for the Christians, while Brennen and Tobin will be the heavy work for St. Patrick's.

The Christian church will play a return engagement with the Presbyterian team at the Fair grounds tomorrow evening. The contest last Friday evening proved to be a fast, snappy affair, and ball fans are looking toward the coming clash.

JIM VERT TELLS OF HOG PRICES TWENTY YEARS AGO

Sold Carload of Porkers in Chicago at $3.75 in 1896—Shelled Corn Brought 13 Cents

The "trend of the times" and the sky rocket ascent of prices during the past few years is better brought out when a comparison is made with the prices of twenty years ago.

Jim Vert of Wilcox told this morning of the "good old days." "On April 20, 1896," said Mr. Vert, "I sold a car of Shorthorn cattle averaging 1370 pounds on the Chicago market at $3.95. I bought them in August, 1895, and paid $3.75."

He also stated that in the fall of 1896 he bought a load of 250 pound hogs at $3.55 a hundredweight. Shelled corn sold at 13 cents a bushel.

Mr. Vert said that at the time he sold his hogs for $3.95, W. B. Scott and George Garrett, former residents of this city, shipped their porkers two days later and the market was down to $3.70.

COMETS DROP FAST GAME TO ST. JOE CHASES 6:0

First and Ninth Frames Prove Waterloo for Local Boys—Black Holds Candymakers to Six Scattered Hits

In one of the fastest and best played games on the local lot this season, the St. Joe Chases defeated the Comets yesterday afternoon at the Fair grounds park by a score of 6 to 0.

Homer Black, the Comets' ace, let the CandyMakers down with six hits.

The Chases started off by crossing the plate four times in the first inning. After the first inning, Black settled down and pitched air tight ball, allowing but three scratch hits after the first frame.

Wakeman, recently of the State Teacher's College here, was on the mound for the Chases. He was a bit wild but the stellar fielding of his team mates held him up.

Errors and three passed balls by the Comet catcher cost Maryville the game.

In the first inning St. Joe started things off with a rush. Mayer, the first man up, fanned. Dorst took first on a passed ball and Zackert doubled to left field. Watson doubled to center, scoring Zackert and Dorst. Barman was scored. Murphy doubled, scoring Slater. Scott fanned, ending the slugfest.

With the score standing 4 to 0 against them the Comets took a brace and with an exhibition of high class baseball held the foe without another run until the ninth round. With their last chance to break into the scoring, Wakeman took first on Tobin's third passed ball. Dodge ran for Wakeman. Mayers fanned and Dorst forced Dodge at second, the latter beating the throw. Zackert took first on Conley's error. Barman doubled, scoring Dorst and Zackert.

Owing to the fair next week, the Comets will not be in action on the home grounds. For the following Sunday, however, Black has made preliminary arrangements for a game with Shenandoah, Ia., here.

SUES THUMMELL AGAIN

Another Hedge Case Against Parnell Farmer for Failure to Observe the Hedge Law

Prosecuting Attorney Charles McCaffrey on behalf of Nodaway county filed a suit today against A. A. Thummell of Parnell on a charge of failure to cut his hedge fence. The penalty is a fine of from $50 to $500. Mr. McCaffrey filed a similar suit against Mr. Thummell a few weeks ago, but this was on account of his failure to observe the new hedge law during 1918, and the one filed today is for the year 1919.

CAPPER HAS PLAN TO REDUCE H. C. L.

BILL BY KANSAS SENATOR PROPOSES TO TAX EXCESS PROFITS

WHEAT PRICE DOWN FIRST

Government to Pay $2.26 Guarantee Under Scheme But Market Grain at $1.50 a Bushel—Take Drastic Action

Washington, Aug. 4.—A bill designed to check the operations of profiteering by assessing profits on the food commoidties is under consideration by Senator Capper of Kansas, as the first step in reducing the high cost of living, he announced today.

"If we can work out such a bill and make operations entirely fair, it appears to me to hold out the greatest possibilities of reducing the cost of living" said the Kansas senator. "We have the matter under consideration and may be able to draft such a bill which will touch a vital spot."

Washington, Aug. 4.—Action of the most drastic character is to be taken by the government within the next forty-eight hours to hit the high cost of living.

The subcommittee of the committee of eight high government officials named by President Wilson to formulate a program to reduce sharply the cost of living has decided unanimously to recommend three steps of a radical nature. They will be presented to President Wilson for approval Tuesday.

This subcommittee, composed of W. B. Colver, chairman of the Federal Trade Commission; Walter D. Hines, director general of railroads, and R. C. Leffingwell, assistant secretary of the Treasury, has agreed upon this tentative program.

1. For the government to buy the wheat crop at the guaranteed price of $2.26 a bushel, and immediately place it back on the market at $1.50 a bushel, the government to make up the entailed loss of many millions.

2. For summary action through the Department of Justice under the so-called Lever Act, the act creating the food and fuel administrations. This law gives the government sweeping powers and has some sections not even used during the war, which it is now proposed to bring into play as a means immediately at hand to get a strangle hold on all profiteers, speculators and hoarders.

3. For all departments of the government to disgorge immediately and throw onto the open market everything it has in the way of supplies. This would include not alone everything in the way of foodstuffs, but clothes, blankets, shoes and all sorts or goods of this rescription, and might even include some fuel.

The officials framing the campaign against the high cost of living refer to the proposal to put wheat on the market at $1.50 per bushel as the "billion-dollar smash." While the taxpayers of the country will have to make up the loss to the government, the government officials are supremely confident that the collateral effect of handling the wheat situation as above indicated will be tremendous in its beneficial results.

It is pointed out that bread and allied products form the great competitive basis for all food necessities. Accordingly, there is a unanimity of opinion that the reduction in the price of wheat immeditely will result in a sharp decline in the prices of all food products, aside from special commodities that might be classed as luxuries.

REPORT FIUME PROBLEM AMICABLY SETTLED TODAY

Paris Neswpaper Says Titoni Will Work Out Details With Lloyd-George—Follow Wilson's Plan

Paris, Aug. 4.—After many months discussion, an amicable settlement of the Fiume problem has been found, the Petit Journal states. Foreign minister Titoni has agreed to a compromise and will go to London to work out the details with Lloyd George.

Fiume has been claimed by both Italy and Jugo-Slavia to be subject to a special statute, appeasing desires of Italian residents, but the Jugo Slavs will be allowed to use the port as a sea window. The settlement is said to have been worked out along Presiednt Wilson's proposals.

TROOPS GO INTO AGTION IN CHICAGO RIOT DISTRICT

After Conference Packers Decide No More Negroes Be Allowed to Resume Work at Stockyards Until Quiet Is Restored

Chicago, Aug. 4.—Troops patrolling the riot district, which has been comparatively quiet since Friday, were thrown into sudden action early today to thwart a reported attempt of between five and six hundred whites to burn the negro belt.

Troopus were dispatched to head off the rioters after fifteen reports had been received by Colonel Joseph Wilson, commanding the secon dregiment. Arriving at the spot where the mob was reported to have been gathered, the troops found no mob but remained on guard and established a patrol of the district. The packers after a consultation with the authorities decided that no more negroes shall be allowed to resume work at the stockyards until the danger of further rioting is passed.

SOLDIERS RESTORE ORDER IN BRITISH GENERAL STRIKE

Troops and Police Charge Mobs of Rioters—Street Car Employes Join in General Walkout

Liverpool, Aug. 4.—Following a night of rioting in a general strike, soldiers armed with fixed bayonets and policemen restorted order today. Time and again the troops and police charged the mobs of rioters and looters before they were dispersed. There was an extention of the walkout when the street car employees struck today to enforce their demands for back pay. The situation is serious and martial law exists in the business districts.

Carter Body Expected Tonight.

The body of Mrs. William Carter, who was found dead Friday morning in her berth at Albuquerque, New Mexico, is expected to reach Burlington Junction this evening. Funeral services will probably be held tomorrow. A sister, Mrs. S. K. Heflin, of Lawrence, Kan., is here for the funeral.

CALL CONFERENCE ON RAIL STRIKE

HINES CALLS MEETING OF BIG FOUR BROTHERHOODS

700 OUT IN KANSAS CITY

Union Officials Declare Strike Spreading—Local Wabash Office Affected — Burlington Continues Freight Traffic

Washington, Aug. 4.—The big four brotherhoods were called into conference today by Director General Hines in an attempt to clarify the whole situation growing out of the demands of the men for higher wages and the evident unwillingness to wait for the creation of a commission to pass upon the wage question. Railway clerks, freight handlers and express station employes are planning similar action to that taken by the shopmen, it was stated today by J. J. Forest, president of the Railway and Steamship Clerks, Freight Handlers and Express Stations Employes.

Kansas City, Aug. 4.—Seven hundred Union Pacific shopmen struck this morning.

Kansas City, Aug. 4.—The present strike of shopmen throughout the United States is unauthorized. The men have been ordered back to work pending the outcome of the general strike vote, Frank Paquin, acting president of the Brotherhood of Railway Carmen, announced today.

Chicago, Aug. 4.—Union officials declared today that the strike of railroad shopmen which began Friday is spreading throughout the United States. The leaders assert one hundred and fifty thousand men now are on strike. Regional officials of the railroad administration admit frankly the situation is serious and a depreciation of the service certain within the next few days unless the men return to work.

The freight service on the Wabash railroad has been discontinued on account of the strike of shopmen at Moberly, Stanberry and Council Bluffs and no freights were run Sunday or today. The Wabash authorities expect the strike to be settled within the next few days.

E. L. Ferritor, Wabash agent, was instructed not to accept any stock or perishable shipments.

Freight service is bad on the Burlington today and W. E. Goforth, Burlington agent, expects no discontinuance of this service on that road.

Henrietta Allen left Saturday night for Beardstown, Ill., where she will spend August with her grandparents, Mr. and Mrs. T. B. Knopp. Enroute to Beardstown she spent Sunday in St. Louis with an uncle.

"Jazz 'em Up"

Sorry, but you guessed wrong. You thought someone was announcing a dance for some occasion, but such is not the case. Far from it. This is something absolutely new and novel. It's like that remedy for the feet, "Tiz." It makes your feet glad. It is exotic, it is intoxicating.

Who is it? Where? What is it? His name is Bob and his complexion is of a shady hue. He spends most of his time around a barber shop. And what? This particular youth has all the "jazz kings" and "jazz hounds" outclassed without an effort. Why? Because they have to have musical instruments to jazz with, while he disdains the use of such. All he wants is a piece of cloth about eighteen inches long and five inches wide and a pair of sorry looking shoes. That's his inspiration. He puts a little polish on the toes and then strains of the sweetest and most irresistible jazz you ever heard burst forth. There is no cessation until the selection is finished and you pay the usual price for a prosaic shine and jazz out the door whistling the new air and feeling like it's a good old world after all.

DOG SAVES THREE BOYS, THEN LOSES OWN LIFE.

Elkhart, Ind, Aug. 4.—After awakening three small boys and escorting them from a burning stable, a pet shepherd dog, apparently confused by the smoke, dashed back into the stable to make sure all his charges were safe. He perished in the flames. The boys, Frank, Andrew and Nicholis Bargo, sons of Andrew Bargo, Sr., had gone to the barn to sleep because of the heat in their room.

...HOOL GIRL TELLS OTHERS

How They Can Find Relief From Periodic Sufferings.

Nashua, N. H.—"I am nineteen years old and every month for two years I had such pains that I would often faint and have to leave school. I had such pain I did not know what to do with myself and tried so many remedies that were of no use. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and decided to try it, and that is how I found relief from pain and feel so much better than I use to. When I hear of any girl suffering as I did I tell them how Lydia E. Pinkham's Vegetable Compound helped me."—DELINA MARTIN, 29 Bowers St., Nashua, N.H.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, therefore is a perfectly safe remedy to give your daughter, who suffers from such painful periods as did Miss Martin.

The reason so many girls write Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice, is because from their 40 years experience they have a store of knowledge which is invariably helpful.

L. E. EDWARDS, LINEMAN, MET WITH ACCIDENT THIS MORNING

Was Driving Along Road Looking Up at Wires When His Car Ran Oven an Embankment and Turned Over

L. E. Edwards, lineman for the Farmers' Telephone Union, came very near to suffering a fatal injury this morning. He was driving out along the road running west from Lovers' Lane and looking up at the wires to see whether any of them were broken or crossed. While driving very slowly along in this manner he ran into a rut in the road which turned the wheels of the car to one side and caused it to run over an embankment. The car was turned over and Edwards was thrown out. Luckily he did not fall under the car and with the exception of a few severe bruises and a sprained wrist is none the worse for the accident.

GEORGE CROWSON HOME.

Sergeant Geogre Crowson, son of Dr. and Mrs. E. L. Crowson of Piecring, arrived home last Saturday, after having been discharged from military service. Mr. Crowson is well known in Maryville, having served as city editor of the Tribune for two or three years.

Crowson enlisted in the Medical Corps in St. Joseph last July while he was connected with the St. Joseph News-Press. He served with Uncle Sam in France nearly a year.

Miss Zelma Dale, a student at the State Teachers College for the summer term, left this morning for her home in Ridgeway.

MISSOURI CATTLE ON FEED SHOW DROP OVER LAST YEAR

Permanent Personal Service Headquarters Planned for Important Cities

Jefferson City, Mo., Aug. 4. — In a statement just issued, Secretary Jewell Mayes of the state board of agriculture, and S. A. Logan of the United States bureau of crop estimates, say that in July there were but little more than half the number of cattle on feed in Missouri than there were in July, 1918.

Hogs on feed were seven per cent more, however, than in July of last year.

The tendency in mid-summer this year, the statement adds, is for farmers to run their cattle on pasture and in only a few counties are they being placed on feed. Feeders say they are waiting for market conditions to clear up and the outcome of the corn crop.

CHICAGO SEEKS TO DISPOSE OF ITS NEGRO POPULATION

Asks Acting Governor Crossley Number That Could Be Accomodated in This State

Jefferson City, Mo., Aug. 4.—That Chicago is seeking desposition of some of its negro population is indicated in an inquiry received here by Acting Governor Wallace Crossley from a Chicago newspaper as to how many negroes could be accommodated in this state in the event of an exodus of that race from Chicago.

Crossley's wire in reply was that Missouri desired no more negro population.

The acting governor stated the fact that several thousand negroes had been cared for by the city of St. Louis after the race riots in East St. Louis several years ago.

Whatever plans may be made in Chicago to assist in locating some of its negro population elsewhere, the city will receive no encouragement in the idea that Missouri is desirous of assisting in caring for such a movement.

The dominant thought in the reply of Acting Governor Crossley is that Missouri has now all the negroes she cares to have within her borders.

Following is the reply in full wired by the acting governor to the inquiry of the Chicago Herald-Examiner as to how many Chicago negroes Missouri could care for if they left that city:

"We congratulate the negroes on their desire to get back where they belong and regret that your great city with its wonderful opportunities and boasted recognition of many creeds and colors has not been able to protect the black race.

"Missouri has already absorbed several thousand Illinois negroes as the result of a former race riot in East St. Louis, and with our own industrial and political problems to solve we are not able at this time to provide a refuge or asylum or employment for Chicago's oppressed negroes."

VICK'S VAPORUB

He Lives on $5 a Week.

New York.—For thirteen years William Pester lived alone in the desert country of the West. Then he came to New York to show people how to live on five dollars a week.

Pester attracts attention in his wanderings over the city. He hasn't cut his hair for thirteen years.

"Why should I?" he asks. "God gave me this hair, and I know that if I do not mar the image some great reward will come to me.

"Marriage is bondage. When a man marries he cannot think clearly. I have no creed; I belong to no church; I simply do good to others."

Pester subsisted for the thirteen years of his exile on rough bread which he made himself and upon fruit. That was his only diet. Others can live on five dollars a week by the same method, he asserts.

SEES BIG CHANGE IN HIS SOLDIER SON

Prominent Police Official Says Improvement Is Due to Tanlac.

Nearly everybody in Kansas City either knows or has heard of Captain J. J. Ennis, who lives at 552 Jackson avenue, Kansas City, Missouri. Captain Ennis has been a member of the Kansas City Police force for thirty years and is not only of the oldest in point of service, but one of the most popular officers in the department.

In a recent statement regarding the benefits his son, Wilfred, has derived from the use of Tanlac, Captain Ennis said:

"The change I have seen take place in my son's health during the past few weeks certainly speaks well for Tanlac. Wilfred served with Company A 12th Engineers in France for nearly two years and on returning was suffering from rheumatism and stomach trouble and was in a very badly run down condition. He tells me he had been suffering from aching joints in his shoulders, arms and legs for almost a year. He had no appetite and his stomach was so weak and upset that he could not retain much of anything he would eat. He complains of headaches most of the time, often had dizzy spells and was so weak he could just barely drag around.

"I had been reading so many statements from Kansas City people about Tanlac that I decided there must be something to it, and after inquiring about it of some parties, whom I have known for years, at the drug store, I bought a bottle for Wilfred. Well, he had not finished the first bottle until his appetite was better and the pains in his knees and shoulders were not so bad. He has taken three bottles up to this time and can eat and digest anything he wants. He was very nervous and restless before taking Tanlac and could not sleep much, but now he sleeps eight to nine hours every night. He now has a good position as yard clerk for the Kansas City Terminal Railway and is able to walk around and do his work with ease, as the rheumatic pains have left him entirely. He has recommended Tanlac to several of his friends who have used it with fine results. I consider Tanlac the best medicine out for such troubles and I will gladly verify this statement for any one who may call to see me or write me."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, and in Hopkins by Hopkins Drug Co."

REVENUE COLLECTION DISTRICTS REARRANGED.

Permanent Personal Service Headquarters Planned for Important Cities.

Washington, D. C.—Plans for the rearrangement of the sixty-four internal revenue collection districts have been announced by Commissioner Daniel C. Roper which will give to each state, with the exception of Nevada, a separate collection district. The plans also provide for the establishment of a permanent personal service headquarters in every important city in the country.

An executive order signed by the president abolishes ten collection districts and consolidates them with ten others. It also creates ten new districts in states which do not now have separate collection districts. The order is effective August 1.

The purpose of the change is to serve the taxpayers more efficiently by opening division and sub-division headquarters at important centers and to use the collectors' offices as clearing houses and accounting centers for the bureau at Washington. The plan does not carry with it the appointment of a large number of new employes but provides for the more effective utilization of the present field force and will make for higher efficiency.

"The new plan," said Commissioner Roper, "when in full operation, contemplates that the people of every community where the number of federal taxpayers requires it, shall be assured that within easy reach is a branch revenue office, open at all times, where the taxpayer can go for blanks, advice and expert assistance in making his tax return and paying his taxes, thus saving him worries and penalites and relieving the service of the present overwhelming congestion in the central colection office."

THEY CAME, THEY SAW— POLICE COURT, THEY WENT

A party of about fifteen gypsies invaded Maryville this morning seeking prey. They, also, departed this morning rather disheartened, being a sadder and wiser group and, incidently, one man in Maryville is a sadder and wiser man.

This individual referred to above is a prominent citizen of Maryville but this morning he met one who "put one over on him." It happened thus—W. W. Jones was sitting complacently in a chair at Crows Studio, contemplating the peace and quietude and musing upon the innocence which is proverbial among the people of Maryville. A gypsy entered and sought of him to permit her to tell his fortune and he, being in a kindly mood, consented. In the process of telling the fortune the copperskined girl asked that she be permitted to "bless some of his money." He produced three five dollar bills and two ones. After she had muttered some magic word over the money, holding it under the victim's chin, and departed Jones bethought himself to see how his "blesst money" looked after the magic touch. For some reason or other in the "blessing" a five dollar bill had been "spirited" away.

The authorities were informed of the incident and Policeman Claude Stults arrested the leader of the party. In Judge Johnson's court the gypsy leader was charged with soliciting for fortune telling and taking money for such services. The judge said $10 and costs which amounted to $19.80.

When the Farmer Has to Plow

THERE comes a time on every farm when work must be done at once if it is to be done at all. It may be plowing, cultivating, harvesting, or housing of the crops. When conditions are right the work must be started and pushed with all possible speed if the farm is to pay a maximum return that season.

Under such conditions the man on the job has no time to go to town, even to get necessary supplies, and no one on the place can be spared for that purpose.

Some times it is necessary to send in for food, seed, or machinery, but for his requirements of petroleum products, the farmer knows that he will be supplied by the dark, green tank wagon of the Standard Oil Company (Indiana) which calls at his home as regularly, though not as often, as does the man who brings his mail.

He has learned that he can depend upon this delivery service, and that the Standard Oil man will deliver his kerosene, gasoline and lubricating oil not only to his door, but, if needs be, to the tractor in the field—*there are 150,000 tractors in the Middle West.*

This is the reason for the harmonious, close, friendly relations which always has existed between the Standard Oil Company (Indiana) and the farmers of the Middle West. Also this is another reason why the Standard Oil Company (Indiana) takes pride in its position as a public servant, doing an exacting job as well as it knows how, to the distinct advantage of the man who raises the crops, and the millions who eat them.
